Vice President report

During my past term I was a member of the hiring committee. The hiring committee did excellent work with negotiating a club coach contract, that is fair, reasonable and beneficial for both parties.

I also spent some time helping with the summer skate schedule and the fall's club program's schedule. I submitted my resignation from the board on October 17, 2017. In my letter I explained that due to work schedule, and family commitments I could not continue to volunteer the time necessary to fulfill the requirement of my position.

I have enjoyed working with the Board and benefited from this experience at different levels. I would like to thank the Board and Club members for this opportunity.

Respectfully submitted,
Diane Bouchard
