Hello Lynda,

We are currently working on a return to skate policy/procedure but until it's available, we strongly recommend receiving medical clearance prior to allowing the child/skater on the ice after a significant injury.

We suggest reinforcing the safety precautions (ex. helmet use), along with the normal supervision by the coach or program assistants.

It is also very important to ensure the parents/guardians and skater are fully aware of the risk.

I hope we have provided you with helpful information.

Please let me know if you any additional questions or concerns and the parent can always contact the Safe Sport department by email at [safesport@skatecanada.ca](mailto:safesport@skatecanada.ca) or by phone 1 (888) 747-2372, ext. 2583.

Sincerely,

**Amy Levac** – *Skate Canada*

If I have a parent who has questions about the Safe Sport Program, who can she speak to?

Is there a policy whereby a skater cannot return to the ice without a doctor's note? I haven't been able to find such a policy or directive.

Thank you.
