**Subject:** RE: Visual Sports

Hi Lynda.

The ticker on the side is used for advertising our programs and events for the season. Sorry, this space is not resold to our users for advertising. If you want your ad on the screens, you have to go through Visual Sports.

Enjoy your weekend!

Lori Olsson

Thanks RoseAnne, Greg has been in contact with me and says that the monitors are in 3 sections. Visual Sports controls the centre section and the price is \$1198/year, which includes 4 changes/year.

The ticker on the bottom and the right side of the monitor is controlled by Strathcona Gardens. We would be interested to know if these two sections were available to the user groups and if so if there was a charge? For example, we have our Christmas Family skate coming up or our Ice Show in March. We also have registration for our Learn to Skate classes starting up again in January that we may want to include.

The additional information regarding the two sections that Strathcona Gardens controls is appreciated. Thanks,

Lynda Ostashek | Volunteer | President

Hi Lynda:

Lori has provided the contact information for Visual Sports - this is the company that you have to contact to get ads on the rolling ad display on the monitors in the building.

Lori:

Could you please give me the contact person and number at Visual Sports, so I can pass it along to the Skating

Club?

Thank you.
